

LEVEL IV / VPK 4-5 YEARS

Preparing for what comes next, with confidence.

Our most advanced level focuses on school readiness, ensuring each child is fully prepared for a successful transition into Kindergarten, academically and emotionally.

At this stage, children:

- Develop early reading and writing skills
- Strengthen logical and mathematical thinking
- Build independence and responsibility
- Navigate more complex social interactions with confidence

Through a structured yet engaging curriculum, we ensure every child leaves IQ Village ready for their next academic step—with confidence, independence, and a love for learning.
